

FISCAL NOTE

SB 998 - HB 754

March 17, 1997

SUMMARY OF BILL: Provides that if at least 10 years have elapsed between the original violation and subsequent violations of the driving while intoxicated law, an individual will not be considered a multiple offender. If, however, a person is considered a multiple offender, then every conviction for such DWI law within 10 years of the immediately preceding violation shall be considered in determining the number of prior offenses.

ESTIMATED FISCAL IMPACT:

Increase Local Govt. Expenditures - Not Significant
Increase Local Govt. Revenues - Not Significant

Assumes some additional multiple offense convictions will occur that would not have occurred since all convictions within 10 years of the immediately preceding violation shall be considered in determining the number of prior offenses.

Impact depends upon the number of persons convicted of this offense and the resulting increased cost to local governments to confine such persons versus the increased revenues to local governments from fines levied and collected under the provisions of this bill.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
